

Example of two subfig figures

(a) The yellow guy with square pants.

(b) The dim but loveable pink sea star.

Figure 1: Two magnificent creatures of the sea.

Best buddies in fig. 1. The protagonist in fig. 1a and his trusty sidekick in fig. 1b.

Example of three subfig figures

Figure 2: Look at my pretty horses!

We can refer to these fine stallions in several ways:

- **Refer to subfig labels:** Notice the awesome stripes of fig. 2b, and the bushy tail of fig. 2c and finally the colorful tail of fig. 2a.
- **Refer to range of labels:** Look at all the pretty horses in subfigures figs. 2a to 2c.
- **Refer to overall figure:** Or simply behold the sight of fig. 2.
